School districts of all sizes benefit from having a relational credit card. PMA will provide your district guidance in developing the framework that ensures your district’s address and small credit card programs are accurate and comprehensive.

Dan joins three experts to discuss common issues and best practices in school finance and much more. Among the presenters are key leaders of the Missouri Department of Elementary and Secondary Education, members of the law firms, legal experts, communication professionals and representatives of MASA who are doing incredible work in the field.
