Missouri Academy for New Superintendents Accepting Applications

Dr. Sarah Rice, Program Director

The Missouri Academy for New Superintendents is a joint project of the Missouri Department of Elementary and Secondary Education, the Missouri Association of School Administrators, and the Department of Educational Leadership and Higher Education at Saint Louis University. The Academy is a year-long program designed to assist new superintendents in establishing a network that will continue their rise to the highest levels of leadership, while also providing opportunities to reexamine their leadership philosophy and practice.

The Days Go Slow, but the Years Go Fast

Partnership to Improve Assessment Systems

The Missouri Assessment Partnership (MAP) is working hard to improve assessment systems, practices, processes and the relationship among teachers, parents and students. As the school year comes to an end, the MAP will be working on its third year of implementation. The MAP has engaged 600+ district leaders to review their assessment systems and make changes to improve student learning. The MAP has also developed a series of webinars and resources to help teachers and districts improve their assessment practices. The MAP is partnering with the Missouri Department of Elementary and Secondary Education to create a comprehensive assessment system that is aligned with the Missouri Learning Standards and the Missouri Assessment Program (MAP). The MAP will continue to work with districts to improve their assessment systems and provide ongoing support to ensure successful implementation.

Contribute to Better Schools for Missouri!

For many of the Missouri school districts, fundraising is a key part of the school year. Despite the economic challenges faced by school districts, fundraising efforts remain critical to supporting the success of our students. The Missouri Association of School Administrators (MASA) has launched a new fundraising campaign called “Better Schools for Missouri!” The campaign aims to raise $1 million to support school districts across the state. The campaign will provide funding for school districts to purchase needed equipment, technology, and supplies to support student learning. In addition, the campaign will help school districts to cover the cost of professional development for teachers and staff.

Thank You!

Masa provides innovative leadership to help districts achieve their goals and ensure that every student has the opportunity to succeed. But we can't do it alone. Please consider making a donation today to support our efforts and help us achieve our mission. Together, we can make a difference in the lives of our students and ensure a bright future for our state.
