Soda
Southwest Center
Terminal Mechanical Services, Inc.
US Insurance Services

Spring Conference Recognitions

Jungmann Named 2019 Pearce Award Recipient

This is a great opportunity for you to share your own experiences and to contribute to the ongoing discussion of the traditional classrooms. Dr. Jungmann is also an expert in the expansion of choice opportunities for students across the state. Jungmann stands, “Missouri Districts must show that they are ready and willing to innovate and successfully compete with those who would like to see public education tax funds flow to charter, private or virtual schools. Our district and more than 140 other schools have come together to express our outrage at the actions, decisions and implementation of the LAUNCH project and its provisions. We are determined to combat this policy and to keep your child at your school. This is the result of our efforts at the Springfield Board of Education. EXPLORE program that ensures that students have work experiences outside of the classroom.”

Propane Program School Boards: A Viable Transportation Solution

Executive Director: Jason Huffman

Introducing MASA’s Newest Business Members

Introduction to Propane Fueled Buses

Upcoming Workshops

Communication Planning Workshops

School districts of all sizes benefit by having a solid communication plan. MASA, in conjunction with MOPSRA, is currently working on an annual membership survey, determining audiences, research options, interviewing and polling survey respondents, and creating a comprehensive plan-based platform.

One of the lobbyists employed by the Missouri State Teachers Association (MSTA) was known for mingling with local politicians. As MSTA was recruiting the challenges we were facing, this lobbyist said, “Well…live to die another day.”

One of the positive aspects of living to die another day is that sometimes something good comes out of it. On May 5, this bill, HB 182, has been introduced into the legislature. It is a bill that was debated, passed and signed by the Governor that would make Legislative budget cuts more transparent. While we do not always agree with the legislators’ ideas for education, it is important to remember and be grateful that those men and women have proposed funding for K-12 public education.

As always, we urge our MSTA members to build relationships and stay engaged with those who represent you in the Jefferson City legislative offices. Our public and personal contacts need to stay focused on providing opportunities for our students to live and learn in a healthy environment.

The first thing that came to my mind for 2019 was the need to make sure we are moving forward and not standing still. As a citizen of Missouri, I see too many things that are not being done to the best of our ability. It is very important to me to know that I am in the right direction and moving forward in the right way.

Brantley Davis, President of the Jefferson City School District

I have been a teacher for over 20 years and I know firsthand the importance of education. It is my duty to fight for education and ensure that every child has the opportunity to succeed. Thank you for your support and for being a part of the fight for education. Together, we can make Mississippi a better place to live and work for our children and their future.

MSTA has been a leader in the fight for education and we are proud to have you as a member. We will continue to work hard to make Mississippi a better place to live and work for our children and their future. Together, we can make Mississippi a better place to live and work for our children and their future.
