Arbitrage Rebate: The Basics

Communication Planning Workshop

School districts of all sizes benefit by having a solid communication plan. MASA will provide your district’s guidance in developing the framework of a plan that will help you address big and small and prepare for emergencies.

The workshop will help you and your district start the process of building a great communication plan. In addition, your district will need to make the plan itself the plan to follow.

There is no charge for the workshop.
